

Project Description

FUEL is an acronym for **F**encing, **U**dating, **E**quipment and **L**andscaping. Because of the wide spectrum of projects with short term and long term goals, the PTO will be working in phases.

Phase Descriptions:

Phase 1

- plastic border for preservation of mulch & replacement of current wood
- certified mulch to meet state regulations
- basketball nets (currently empty rims)
- sealant for the 2 buddy benches (to protect investment in Eagle Scout project)
- other general cleaning up of the playground

Phase 2

- commercial grade fence to encompass the entire playground area for safety of the students

Phase 3

- update and replace grounds equipment (i.e. current mower and other items as needed)

Phase 4

- add a spirit rock to the front of the school
- continue with the current rock art in flag area
- clean up the natural area in the front of the school

Phase 5

- make the playground area a pour and play pad
- update/repair needed playground equipment.

Budget & Current Revenue

Budget:

Phase	Budget
Phase 1	\$ 4,400.00
Phase 2	\$ 7,350.00
Phase 3	\$ 10,000
Phase 4	\$ 3,000
Phase 5	estimated \$ 50,000 - TBD
Total Budget	\$ 74,750.00

We are asking for any grant contribution that the Town of Midway could contribute toward advancing the phases of this playground campaign.

Our hope is to complete Phase 1 and Phase 2 (\$11,750) *before* the 2018-2019 school year begins this August.

Current Revenues (for FUEL Playground Initiative):

Fundraiser	Revenue
10 Decades of Midway	\$ 2,983.00
