

FENNVILLE PUBLIC SCHOOLS

"Educational Excellence, Community Atmosphere, Global Vision"

FIVE MEMORIAL DRIVE
FENNVILLE, MICHIGAN 49408

Press Release—Immediate Release

FENNVILLE, MI – May 13, 2026 – This evening, during a middle school baseball game on the campus of Fennville Public Schools, a staff member noticed that an adult spectator had a firearm in the waistband of their pants. The staff member reported this immediately to the Fennville Athletic Director who was on site. The Athletic Director immediately called 911. The Allegan County Sherriff's Department and The Michigan State Police responded right away. After arriving on scene, law enforcement engaged with the suspect without incident. The suspect was taken into custody and is currently being held in the Allegan County Jail.

The suspect has no affiliation with Fennville Public Schools and there is no reason to believe that the suspect was in possession of the fireman with any intention to harm anybody at the school or at the baseball game. There is no threat to school environment.

"We are incredibly thankful for our staff's response to this incident by using their training to look out for the entire school community. I would also like to thank the Allegan County Sherriff's Department and the Michigan State Police for their responsiveness to this incident", said Albert Lombard, FPS Superintendent.

Student safety remains the district's top priority. We are thankful to our staff's vigilance and for the efficient response and support of State and Local Law Enforcement.
