G. Recommendation: Baker/Riley approve the **RESOLUTION EXPRESSING CONCERNS REGARDING THE IMPLEMENTATION OF P.L. 2025, c.180 (S-3041) AND PROPOSED REGULATIONS IMPACTING COOPERATIVE PURCHASING**

WHEREAS, the **Swedesboro-Woolwich Board of Education** participates as a member of a duly authorized cooperative purchasing system in the State of New Jersey, which provides procurement services to public entities in a cost-effective and compliant manner; and

WHEREAS, cooperative purchasing programs enable public entities to procure goods and services efficiently, competitively, and in accordance with applicable law, while reducing administrative burden and costs to taxpayers; and

WHEREAS, P.L. 2025, c.180 (S-3041) has introduced significant changes to public procurement requirements, particularly impacting public works and cooperative purchasing practices; and

WHEREAS, proposed regulations issued by the Division of Local Government Services further expand upon these statutory changes and impose additional requirements and limitations on cooperative purchasing systems; and

WHEREAS, such proposed regulations include, but are not limited to, the imposition of a maximum individual contract cap of \$150,000 for public works contracts under indefinite delivery, indefinite quantity (IDIQ) structures; and

WHEREAS, these additional regulatory restrictions appear to exceed the express language and intent of S-3041 and impose further constraints on the ability of cooperative purchasing systems to effectively serve their members; and

WHEREAS, member districts are already experiencing operational challenges due to the elimination of time-and-materials contracts, which historically provided flexibility for urgent, as-needed public works and maintenance services; and

WHEREAS, the imposition of additional limitations, including but not limited to contract value caps and expanded administrative requirements, will further hinder the efficiency, responsiveness, and cost-effectiveness of public procurement; and

Swedesboro-Woolwich Board of Education

“A Community dedicated to inspiring life-long learners”

WHEREAS, these constraints may result in increased administrative burden, delays in project completion, reduced competition, and higher costs to public entities and taxpayers; and

WHEREAS, cooperative purchasing systems play a critical role in delivering compliant, transparent, and efficient procurement solutions across the State of New Jersey;

NOW, THEREFORE, BE IT RESOLVED, that the **Swedesboro-Woolwich Board of Education** hereby formally expresses its concern that the implementation of S-3041, as currently interpreted through proposed regulations, is negatively impacting productivity and efficiency in public procurement; and

BE IT FURTHER RESOLVED, that the **Swedesboro-Woolwich Board of Education** specifically notes that the removal of time-and-materials contracts and the introduction of additional regulatory restrictions, including the proposed \$150,000 cap on public works contracts, create unnecessary limitations beyond those required by statute; and

BE IT FURTHER RESOLVED, that the **Swedesboro-Woolwich Board of Education** urges the New Jersey Department of Community Affairs, the Division of Local Government Services, and the Department of Education to consider the operational impact of these regulations on school districts and cooperative purchasing participants, and to revise the proposed regulations to ensure flexibility, efficiency, and continued access to cooperative procurement solutions; and

BE IT FURTHER RESOLVED, that the **Swedesboro-Woolwich Board of Education** will continue to work collaboratively with cooperative purchasing organizations, State officials, and peer districts to provide feedback and advocate for regulations that preserve the benefits of cooperative purchasing while maintaining compliance with statutory requirements; and
