Beebe School Site Council

Meeting Minutes

May 13, 2026

5:00 PM

Location: Zoom

Members Present: Dr. Tonogbanua, Ms. Holbrook, Dr. Murphy, Mr. Grubb, Eva Yihua

School Improvement Plan

- We discussed the instructional priority section of the school improvement plan.
    - Next year at Beebe, we are looking to improve the quality of academic discourse and engagement in the classrooms across grades, & content areas.
    - As a district and staff we have identified high impact instructional strategies that we will be focusing on with students. These are research based strategies that have been shown to improve student engagement and gains in retention.
- We discussed the Attendance priority section of the school improvement plan.
    - Next year at Beebe, we will be seeking to better support families of those students whose attendance rates are just above the chronic absenteeism rate. The thinking behind this is that by supporting the families and students at this point we can prevent the slide into chronic absenteeism.
- The district leadership teams will begin to draft the MTSS priority on 5/14/26.

The next SSC meeting will be on 5/27. If possible, SSC will be provided with copies of the priority items in SIP prior to the meeting.
