Analog Bootcamp

Session 1: Monday, June 15 - Friday, June 19

Session 2: Monday, July 13 - Friday, July 17
12 PM - 4 PM

Ages: Middle & High School Students
Price: FREE

CSU Theatre and Arts Building
1901 E 13th St. Cleveland, OH 44114

Jumpstart your summer with Analog Bootcamp, a FREE hands-on crash course in old-school photography! Over five fast-paced days, students will learn what makes a strong image, master their disposable cameras, and explore downtown Cleveland and the West Side Market through a photographer's lens.

From creating photograms to processing their own film and making prints in the darkroom, participants will experience the full journey of analog image-making - finishing the week by sharing their work with the group. No experience necessary, just curiosity and a sense of adventure!

Factory Fellowship

Every Other Wednesday, June 10 - August 26

5:30 PM - 7:30 PM

Ages: High School Students

Price: FREE

\$100 stipend upon completion of program

CSU Theatre and Arts Building
1901 E 13th St. Cleveland, OH 44114

Across seven sessions, self-motivated young photographers will expand their creative practices and learn from working artists. A combination of guest artist talks, hands-on studio work, collaborative critiques will allow young artists to navigate finding their artistic voices while having a supportive community of peers.

This program emphasizes practice, experimentation, and dialogue aspects of the art making process, enabling students to create work, receive feedback and refine ideas. Guest artists introduce students to different photographic practices, while studio time allows them to apply those ideas.

Upon completion, participating students will receive a \$100 stipend and a copy of the Fellowship zine they had a hand in curating.

Eco Photo: An Alternative Process Camp

Monday, August 03 - Friday, August 07

9 AM - 3 PM, Aftercare Available

Ages 10-13

Price: \$300 per student

Financial Aid is available for those that qualify according to federal guidelines

The Cuyahoga Valley Environmental
Education Center - 3675 Oak Hill Rd
Peninsula, OH 44264
Transportation from Cleveland available

Discover the magic of Cuyahoga Valley National Park and alternative photography in this five-day immersive camp! Students will dive into hands-on techniques that use sunlight, plants, and natural materials to create one-of-a-kind images. Over the course of the camp, participants will experiment with eco-friendly photographic processes such as cyanotypes, anthotypes, and lumens, using natural objects and found textures as both their subject and their medium. Participants will engage in free nature play along with guided field trips exploring the park. Slow looking and mindfulness are at the center of this program. By the end of the week, each student will have original works that celebrate the beauty and creativity found in the natural world, and a deeper connection with CVNP.

Lunch and transportation are provided. After care will be available for an additional \$150 for the entire week from 3-5pm. All students must be picked up no later than 5pm. CNVP does not offer pro-rated after care.
