2026 Intermediate Summer Reading

Student Name: _____ Grade going into: _____

Parent Signature: _____ Total number of points earned: _____

Dear Parents,

We did it! Your child has completed another year in his/her learning journey. That being said, we want your child to continue to practice reading this summer. Research shows that reading during the summer months improves the ability to read, write, spell, and comprehend. The more students read the better readers and writers they become! Great places to find books to read are the Sam and Carmena Goss Library and the Sterling Municipal Library (located in Baytown). Additionally, you may see your campus website for online access to great literature.

- You will find the reading log and response sheets attached to this information letter. You may add plain paper to complete the log if needed. Your child will receive one point for every 20 pages they read.
- The student will write down the titles of the non-chapter books he/she reads over the summer on the reading log. **The student must write a complete sentence** answering **one** of the prompts below for each non-chapter book he/she reads. The student will record the title, number of pages, number of points, and a complete sentence for each non-chapter book they read on the reading log. **There will be a limit of 1 graphic novels/comic book allowed as part of this reading.**
- Readers are required to **write a 3-4 sentence summary** for each chapter book read for the written response in the space provided on the reading log. The students will earn **one point for every 20 pages** they read. Each chapter book **must have the designated summary**.

The log must be completely filled out and the **total number of points calculated**. Students who earn at least **30 points** will be invited to a **special celebration** in the fall. Your child's log should be turned in to the campus librarian **NO LATER** than August 21, 2026. We wish you a happy summer full of great stories! ☺

Sincerely,

BHISD Intermediate Librarians
