Good afternoon Eagle Families -

Another great week here at Anderson Island Elementary, and as always, our Eagles stayed Anchored in Excellence all week long. It has been awesome seeing the hard work, positive attitudes, and growth happening every single day around campus. We are proud of the way our students continue to support one another, work hard, and represent AIE with kindness and effort.

Next week is shaping up to be another fun week for our Eagles. On Monday, we will head out for our Low Tide exploration day, which is always such a cool opportunity for students to learn outside the classroom and experience the beauty of island life firsthand. Tuesday will bring STEAM activities, and we will also have Library and Music during the week as well.

I also want to give a huge shout out to our 3rd graders. They worked incredibly hard this week on their SBA testing, and we are very proud of the focus, effort, and determination they showed. I know they are going to finish strong next week as well. Way to represent AIE, Eagles! Just a reminder that there will be no school next Friday.

As we head into the weekend, make sure to get some rest, get outside, enjoy this beautiful weather, and keep reading. Thank you all for your continued support of our students and school community. See you all next week.

- Mr. Miller

END OF THE YEAR CELEBRATION

June 11 End of Year Celebration 5 p.m.

June 12 Field Day Half Day Last Day

Classroom News

Mrs. Cunningham

We had a very busy week. Kindergarten, first grade, and second grade worked hard on their I-Ready Math Diagnostic, while 3rd graders completed the SBA -ELA (CAT and PT). On top of that... we had a magical music lesson, learned basketball skills in PE, checked out books in the library, had a visit from the district nurse for our annual Hearing and Vision screening, and a lesson from the amazing dental professionals at Community Health. Thanks to all the hard work from everyone involved!

After such a jam packed week, we ended with a well deserved movie break on Friday morning. All students worked hard to complete the Bingo board of personal goals and as a reward they voted on a classroom movie! Ask your student what their personal goal was. Next week will be just as busy and only 4 days long...

Upcoming events/dates:

May 18, Monday - Low Tide Field Trip

May 19-20 - 3rd grade ELA-Math

May 19-20 - K-2 IReady Reading Diagnostic

May 22 - no school
