QSI INTERNATIONAL SCHOOL OF PHUKET May 1, 2026 ***

May 1, 2026

*1 - **The QSI International School of Phuket Team***

Today's Agenda

1. Mr. Chris Says Hi.
2. Field Trip to Aquaria for 9–10-Year-Old Classes
3. Public Holiday Notice
4. Student Led Conference
5. QSI Phuket Summer Fun Camp 2026
6. The Passing of her Majesty Queen Sirikit, The Queen Mother of Thailand
7. PSG volunteer

8. The Uniform
9. Book a meeting with Mr. Chris, School Director
10. School Calendar

A note from Mr. Chris -- Let the show begin

Dear Parents, Students, and Staff,

Hello,

We have several exciting activities happening over the next few weeks as we close out the 25-26 school year. This week, we have student-led conferences, in two weeks the Science Symposium, and then the Big Show (June 5).

We will observe Thailand's holiday in memory of the King on Monday, so there will be no school on May 4th. Have a great, restful weekend.

Student-led conferences will happen on May 7 and 8. The students have been working on reflections of their learning this year. The office will contact you to schedule your conference with your children. It is a great time for you to see what your student is working on at school. May 7th and 8th are 1/2 days for all students, 5 YO to Secondary IV. All will be dismissed at 11:20.

Yes, we have half days on Thursday and Friday, but we have school. The secondary teachers are working hard alongside the students to complete the 10 units for each course. Please encourage your secondary student to come to school. If they say we are not doing anything, and ask you to stay home. They are incorrect, in every course they are working on critical learning. Being at school, interacting with their peers and teachers is a valuable opportunity, and they need to make the most of it.

For Pre-K 2-3-4 YO, you will have a normal day on Thursday and Friday. Ms. Kiki will contact you to schedule your time to visit.

The creative arts team will push to full speed to organize the big show on June 5th. **(Please note I had the wrong day last week).** It will be the greatest show ever. As usual, we will have a big party for the families on the night of the show. Please plan to be at school at **1700 for dinner, drinks, and fellowship**. The show will start at sundown. **Please save the date, Friday, June 5th at 1700.**

We are enrolling students for the summer program. Please feel free to share the Summer Camp information provided to your friends and neighbors. Ms. Veronika, Ms. Lisa, Ms. Lilly, and Ms. Jenny are planning a great two weeks for the students. The camp is for all students, not just QSI students.

Re-enrollment will start in a week. Please look for my email. It will only take a few minutes of your time. You can complete the whole process on your phone, and we will have a seat locked in for your child in 26-27.

Please go to: **Re-enrollment process**

Please feel free to use this link to book a meeting with me:

Book a Meeting With Mr. Chris.

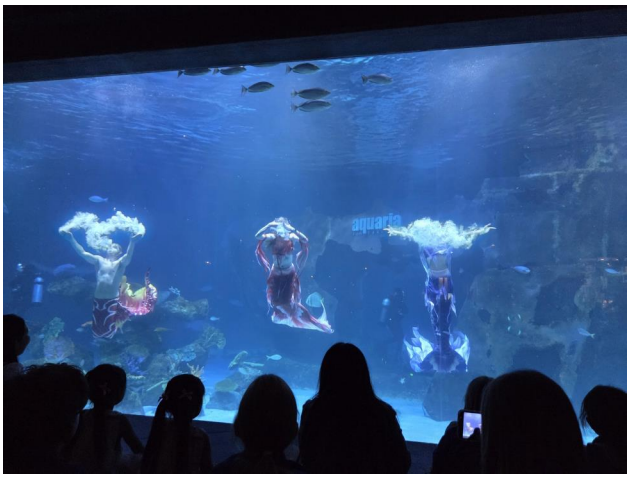

See You Soon,

Chris Fisher

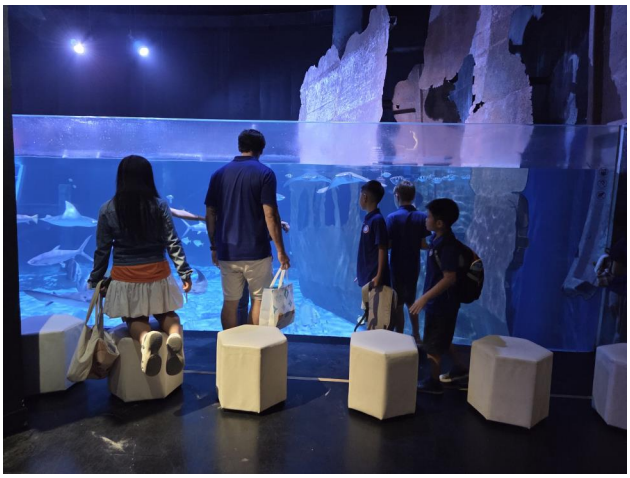

Field Trip to Aquaria for 9–10-Year-Old Classes

YANKEES

Last week, our 9-10-year-old classes visited the aquarium as part of their science studies. We spoke with Mr. MC to learn more about the trip, how it was organized, and what students gained from the experience.

Interviewer: When did you go on a trip? And where?

Mr. MC: We went to the aquarium last Friday.

Interviewer: Why did you choose the aquarium for the class trip?

Mr. MC: We chose the aquarium because currently in science we are doing life cycles and ecosystems and talking about preditors and prey and how energy is transferred from one animal to another. I thought that would fit very well with the unit we are doing right now.

Interviewer: Who helped you organize the trip?

Mr. MC: Mr Chayse. Mr Chayse was actually the main organiser of this trip.

Interviewer: How did the teachers prepare the students before the visit?

Mr. MC: What we did is we made worksheets for them, so that they had to fill them in and answer as they were going through the aquarium. While they were looking at the aquarium and

observing all the animals and the fish, they also had to answer some questions in their notebooks.

Interviewer: How did the students travel to the aquarium?

Mr. MC: We traveled by bus. Luckily, not on foot, by bus.

Interviewer: What did you want students to learn from this trip?

Mr. MC: I wanted them to observe animals living and moving in their environment. Obviously, we gave them this opportunity. I just wanted them to see how animals move and live in a normal environment and how they interect with each other.

Interviewer: Why is learning about sea animals important?

Mr. MC: I think learning about sea animals is important because they are a part of ecosystems we interect with every day basically as we live in Phuket.

Interviewer: Which part of the trip did you think students enjoyed the most?

Mr. MC: Probably the mermaid show and feeding some of the animals. I think they also enjoyed when Mr. Chris crawled into one of the tight spaces so they could sit with him and watch the otters. They also enjoyed seeing animals they had never seen before.

Interviewer: Did anything unexpected happen during the trip?

Mr. MC: Nothing unexpected, really. Well, I didn't expect Mr. Chris to crawl into that space and watch the otters, but that was probably it. Everything went pretty smoothly.

The trip to the aquarium was both educational and enjoyable for the students. It gave them a chance to connect their classroom learning with real-life observations and explore marine life up close.

Public Holiday Notice

There will be no school on Friday, May 1, and Monday, May 4, due to public holidays. Friday is Labor Day, a holiday that recognizes the hard work and contributions of workers around the world.

Monday is Coronation Day, which honors the coronation of the King of Thailand and is an important national holiday.

QSI Phuket hopes everyone enjoys the long weekend, takes time to relax, and returns refreshed and ready for the new week!

Student Led Conference

On May 7-8, QSI Phuket will hold student-led conferences, giving students the opportunity to present their learning journeys, work portfolios, and progress to their parents. Rather than relying on a teacher-only report, students actively lead the dialogue, fostering responsibility for their own learning. These conferences help build confidence, strengthen communication skills,

and encourage a sense of ownership, with teachers supporting the process. Overall, the focus is on transparency, collaboration, and student growth.

May 7 and 8 are half days for all students; they will be dismissed at 11:20. Please make sure you have scheduled the time with the office.

QSI Phuket Summer Fun Camp 2026

PROGRAM OVERVIEW

JUNE 22 - JUNE 26
DISCOVERY WEEK

- CREATIVE PROJECTS
- ART WORKSHOPS
- DISCOVERY JOURNAL
- 1 FIELD TRIP

PSG volunteers needed

Mr. Ian has taken on the role of PSG Coordinator. He would like to ask as many of you as possible to join the group. We are trying to create a group of individuals who enjoy supporting school events and creating events for the families to participate in and enjoy.

Maybe a table tennis tournament while you enjoy a wine and cheese night. -- Anyone want to organize?

Just scan the QR code, and you are on the team.

Mr. Ian can be reached at: ian-vanwyk@phuket.qsi.org

We Have Upgraded the School Uniform colors and materials

- Why did we change the uniform?
  - We wanted to upgrade the material to one that is more suitable for a hot weather climate.
  - We wanted to match the color scheme of the campus
  - It was time for a change to a more vibrant uniform.
  - We wanted to expand the options.
- How to purchase the new uniform?
  - visit the office and pick out a blue and orange uniform
  - We also have a new Physical Education uniform
  - We have the Hooded Sweatshirt and Sweater available.
  - A discount will be applied to each new item purchased when you bring an old shirt to trade in.
    - we will donate all the old uniforms to a deserving children's home.
- Will the uniform be mandatory?
  - yes, the expectation will be for the student to start school each day with a PE, Blue, or Orange uniform
    - having the responsibility to dress appropriately for school starts the student on a successful path.
    - On January 5th, only a school hooded sweatshirt or Sweater will be permitted on campus from Monday through Thursday.
- Friday is Free Dress Day for 10 THB.
  - Each Friday, the student will have the option to dress in their favorite outfit for a 10 THB donation to the Student Council.
  - Students can wear their standard uniform on Friday.

- The donation will fund a QSI Movie night and a QSI Activity Night for students.
