QSI INTERNATIONAL SCHOOL OF PHUKET April 24, 2026

April 24, 2026

*1 - **The QSI International School of Phuket Team***

Today's Agenda

1. Mr. Chris Says Hi.
2. Stick & Straw Engineering Club
3. Spring Map Test
4. Student Led Conference
5. QSI Phuket Summer Fun Camp 2026
6. The Passing of her Majesty Queen Sirikit, The Queen Mother of Thailand
7. PSG volunteer

8. The Uniform
9. Book a meeting with Mr. Chris, School Director
10. School Calendar

A note from Mr. Chris -- Let the show begin

Dear Parents, Students, and Staff,

Hello,

We have several exciting activities happening over the next few weeks as we close out the 25-26 school year. This week, we have Teacher training on Thursday; next week, we have student-led conferences and the Science Symposium; and then the big show.

April 30th is a school day. The students will be dismissed at 11:20, and buses will depart at 11:30. The afternoon will be a teacher training day focused on the 4 MSA objectives: Literacy, Mastery Learning, 21st Century Skills, and Communication.

We will observe Thailand's holidays of Labor Day and the King's memory on Monday, so there will be no school on May 1st and May 4th. Have a great, restful weekend.

Student-led conferences will happen on May 7 and 8. The students have been working on reflections of their learning this year. The office will contact you to schedule your conference with your children. It is a great time for you to see what your student is working on at school. May 7th and 8th are 1/2 days for all students, 5 YO to Secondary IV. All will be dismissed at 11:20.

For Pre-K 2-3-4 YO, you will have a normal day. Ms. Kiki will contact you to schedule your time to visit.

The creative arts team will push to full speed to organize the big show on June 6th. It will be the greatest show ever. As usual, we will have a big party for the families on the night of the show. Please plan to be at school at 1700 for dinner, drinks, and fellowship. The show will start at sundown.

Re-enrollment will start in a week. Please look for my email. It will only take a few minutes of your time. You can complete the whole process on your phone, and we will have a seat locked in for your child in 26-27.

Please feel free to use this link to book a meeting with me:

Book a Meeting With Mr. Chris.

See You Soon,

Chris Fisher

Stick & Straw Engineering Club

After the final bell rings, a different kind of learning begins. In the Stick & Straw Engineering Club, students gather with simple materials - wooden sticks, plastic straws, and big ideas - to design, build, and experiment. Guided by their teacher, the club transforms creativity into hands-on engineering challenges, where teamwork and problem-solving take center stage.

Interviewer: Why did you choose your class as an after-school activity?

Mr. Erlank: It helps students develop their problem-solving skills and use their imagination and ingenuity to create different designs.

Interviewer: What do you do in your activity? And please tell me what your class looks like.

Mr. Erlank: Using popsicle sticks and glue guns, students craft bridges, planes, and other structures to see which one is the best.

Interviewer: Who participates in your class?

Mr. Erlank: 8-10-year-olds.

Interviewer: How many students are in your class?

Mr. Erlank: Between 4-6.

Interviewer: Why is this activity good for students?

Mr. Erlank: It challenges them to problem-solve and improve from their failures.

Interviewer: Do they enjoy it?

Mr. Erlank: I think they do.

As their teacher shared in the interview, the goal isn't perfection, but curiosity and growth. And with every stick and straw, these students are building more than structures - they're building skills for the future.

Spring Map Test

*3 - **Spring Map test***

The Spring Map testing takes place from April 21st to May 22nd. The MAP (Measures of Academic Progress) test is an assessment tool used to identify a student's instructional level and track their academic growth and progress from year to year. It is designed to be completed on a computer or iPad. It is an adaptive test designed to fit each student's level, adjusting questions based on their answers. It assesses overall knowledge in Mathematics, Language, and Reading, rather than just recent learning. The test has no strict time limit, and accommodations are available for different needs. It is conducted in Fall and Spring, with an optional Winter test to track progress, and is suitable for students from age 5 to Secondary II.

Student Led Conference

On May 7-8, QSI Phuket will hold student-led conferences, giving students the opportunity to present their learning journeys, work portfolios, and progress to their parents. Rather than relying on a teacher-only report, students actively lead the dialogue, fostering responsibility for their own learning. These conferences help build confidence, strengthen communication skills, and encourage a sense of ownership, with teachers supporting the process. Overall, the focus is on transparency, collaboration, and student growth.

Further details regarding the schedule will be shared at a later time.

QSI Phuket Summer Fun Camp 2026

PSG volunteers needed

Mr. Ian has taken on the role of PSG Coordinator. He would like to ask as many of you as possible to join the group. We are trying to create a group of individuals who enjoy supporting school events and creating events for the families to participate in and enjoy.

Maybe a table tennis tournament while you enjoy a wine and cheese night. -- Anyone want to organize?

Just scan the QR code, and you are on the team.

Mr. Ian can be reached at: ian-vanwyk@phuket.qsi.org

PARENT SUPPORT GROUP

QSI INTERNATIONAL SCHOOL OF PHUKET
QSIP
FOUNDED IN 2000
SUCCESS FOR ALL

The goal of the Parents Support Group (PSG) at QSI is to create the best possible learning environment for children. To achieve their goals, we need your help!
All parents are encouraged to become actively involved with the school through the PSG.

We Have Upgraded the School Uniform colors and materials

- Why did we change the uniform?
  - We wanted to upgrade the material to one that is more suitable for a hot weather climate.
  - We wanted to match the color scheme of the campus
  - It was time for a change to a more vibrant uniform.
  - We wanted to expand the options.
- How to purchase the new uniform?
  - visit the office and pick out a blue and orange uniform
  - We also have a new Physical Education uniform
  - We have the Hooded Sweatshirt and Sweater available.
  - A discount will be applied to each new item purchased when you bring an old shirt to trade in.
    - we will donate all the old uniforms to a deserving children's home.
- Will the uniform be mandatory?
  - yes, the expectation will be for the student to start school each day with a PE, Blue, or Orange uniform
    - having the responsibility to dress appropriately for school starts the student on a successful path.
    - On January 5th, only a school hooded sweatshirt or Sweater will be permitted on campus from Monday through Thursday.
- Friday is Free Dress Day for 10 THB.
  - Each Friday, the student will have the option to dress in their favorite outfit for a 10 THB donation to the Student Council.
  - Students can wear their standard uniform on Friday.

- The donation will fund a QSI Movie night and a QSI Activity Night for students.

Uniform Fee

Uniform	Cost (Baht)
