Today's Agenda

A note from Mr. Chris -- Let the show begin

Dear Parents, Students, and Staff,

Hello,

Wow !!!

The Songkran team did a tremendous job to make 2026 the biggest celebration we have ever had. Many parents joined the water splashing and the barbecue snack. It was a great day of fellowship and welcoming of the rains. I think we did a good job of washing away the bad luck and having a refreshed outlook for the year.

Monday marks the 40 days left mark of the year. We have considerable learning to do, mastery to prove, and performances to finish. Please encourage your secondary students to attend school and arrive on time to ensure they complete all of their units.

The creative arts team will push to full speed to organize the big show on June 6th. It will be the greatest show ever. As usual, we will have a big party for the families on the night of the show. Please plan to be at school at 1700 for dinner, drinks, and fellowship. The show will start at sundown.

Re-enrollment will start in a week. Please look for my email. It will only take a few minutes of your time, you can do the whole process on your phone, and we will have a seat locked in for your child in 26-27.

April 30th is a school day. The students will be dismissed at 11:20, and buses will depart at 11:30. The afternoon will be a teacher training day focused on the 4 MSA objectives: Literacy, Mastery Learning, 21st Century Skills, and Communication.

Please feel free to use this link to book a meeting with me:

Book a Meeting With Mr. Chris.

See You Soon,

Chris Fisher

New Billboard

A new billboard has recently been placed near QSI. In the following interview, Mr. Ian shares the purpose of the billboard, identifies the target audience, and explains the message intended for the local community.

Interviewer: What was the purpose of the billboard?

Mr. Ian: The main purpose is to attract new families and show them that our school is only about 15 minutes away from that exact location, that we follow an American curriculum, and that we have space for any students from young to graduation.

Interviewer: Who was the target audience?

Mr. Ian: Any family in Phuket is welcome at QSI. Anyone who drives that route every day will see that our school is very close to that exact location.

Interviewer: What message did you want people to understand?

Mr. Ian: Our school follows the American curriculum and caters to any student or any family who is happy to know that anyone is welcome. Russian families, Chinese families. I also wanted families to know that our school has been on the island for 25 years, so it's not a new school with a new system; it has been here for 25 years. It's probably the oldest international school on this island.

Interviewer: How long did it take to make the billboard?

Mr. Ian: About one month. Back and forth, there were many changes that we had to make to the billboard. Obviously, when you're designing something like a billboard, you can look at many different designs and then choose the best one. Make sure you know what information you want on the billboard and just editing. It took roughly a month.

Interviewer: Did you face any problems while making it?

Mr. Ian: I think the main problem was to choose the specific design that would work best for our school and the style of the design.

Interviewer: How do you think people will react to the billboard?

Mr. Ian: I think they will be surprised that our school is actually not far away from that location. Many people think of QSI, and they see our ads on Facebook, but they're not exactly sure where it is. When they see that it is about fifteen minutes from that location, people will be surprised to know that it's actually very close.

Overall, the billboard is a simple way to help families discover how close and welcoming the school is. It is expected to encourage more people to learn about QSI and become part of the community.

Donating computers

Last week QSI Phuket donated a number of refurbished computers to three schools in Thailand, helping improve access to technology for local students.

The schools, which had limited digital resources, will now be able to offer basic computer education and give students the opportunity to develop important technological skills. Mr. Fisher was interviewed to learn more about the project.

Interviewer: What inspired you to donate computers to these schools?

Mr. Fisher: Well, we understand that many schools around Thailand don't really have much budget for computers. Because of the environment around Thailand, with the humidity and the heat, electronic equipment does not last very long either. Over the summer, we leased 35 new computers. We had some spare computers that weren't quite good enough for us to use on Windows 11, so we decided to refurbish those and donate them to other schools. Now there are three schools up north that have twelve computers that did not have computers before. That is why we did that. We wanted to help some kids.

Interviewer: How did you choose these particular schools?

Mr. Fisher: Khun Ma knows a lot of people up in the north, and so she found three schools that would love to get some computers

Interviewer: Do you plan to continue supporting similar projects in the future?

Mr. Fisher: Yes. We'll probably be upgrading ten more computers this summer, and we'll probably refurbish ten more computers for some schools next year.

Interviewer: What advice would you give to students who want to help others?

Mr. Fisher: Well, lots of us have old computers at home. If you have a brand-new laptop and you have an old laptop that you're not using, then bring it to school and Mr. Zui can put it on a list so we can donate it.

Overall, the project helped schools get computers they did not have before. By fixing and donating used devices, students can now learn basic computer skills. Similar efforts are planned for the future.

Songkran
Day

On April 10, 2026, our school held a lively Songkran Festival with the theme “Elephant.” Students gathered at 12:20 PM and joined a colorful parade from the upper to the lower football field. Various performances were presented, including Thai classical dance and fun group dances by different age groups. After the show, the students took part in the water blessing ceremony, showing respect to teachers and parents. Later, everyone enjoyed water splashing, games, Thai desserts, and barbecue sausages. The event ended at 3:15 PM, leaving everyone with joyful memories of this special celebration.

QSI Phuket Summer Fun Camp 2026

DAILY ACTIVITIES

- ARTS & CRAFTS

PSG volunteers needed

Mr. Ian has taken on the role of PSG Coordinator. He would like to ask as many of you as possible to join the group. We are trying to create a group of individuals who enjoy supporting school events and creating events for the families to participate in and enjoy.

Maybe a table tennis tournament while you enjoy a wine and cheese night. -- Anyone want to organize?

Just scan the QR code, and you are on the team.

Mr. Ian can be reached at: ian-vanwyk@phuket.qsi.org

We Have Upgraded the School Uniform colors and materials

- Why did we change the uniform?
    - We wanted to upgrade the material to one that is more suitable for a hot weather climate.
    - We wanted to match the color scheme of the campus
    - It was time for a change to a more vibrant uniform.
    - We wanted to expand the options.
- How to purchase the new uniform?
    - visit the office and pick out a blue and orange uniform
    - We also have a new Physical Education uniform
    - We have the Hooded Sweatshirt and Sweater available.
    - A discount will be applied to each new item purchased when you bring an old shirt to trade in.
        - we will donate all the old uniforms to a deserving children's home.
- Will the uniform be mandatory?
    - yes, the expectation will be for the student to start school each day with a PE, Blue, or Orange uniform
        - having the responsibility to dress appropriately for school starts the student on a successful path.
        - On January 5th, only a school hooded sweatshirt or Sweater will be permitted on campus from Monday through Thursday.
- Friday is Free Dress Day for 10 THB.
    - Each Friday, the student will have the option to dress in their favorite outfit for a 10 THB donation to the Student Council.
    - Students can wear their standard uniform on Friday.
    - The donation will fund a QSI Movie night and a QSI Activity Night for students.

Uniform Fee
