A note from Mr. Chris -- Let the show begin

Dear Parents, Students, and Staff,

Hello,

Songkran is almost here, just like the rains, on April 10th. April 10th starts at 12pm. We will have music, a show, dancers, water splashing, a bounce house, and, new this year, a barbecue. The entire family is invited to participate. Please plan to visit the campus at 12 pm on Friday.

April 30th is a school day. The students will be dismissed at 11:20, and buses will depart at 11:30. The afternoon will be a teacher training day focused on the 4 MSA objectives: Literacy, Mastery Learning, 21st Century Skills, and Communication.

PSG EVENT - PSG Market

99

The PSG Market took place on Saturday morning, March 28, 2026, from 9:00 to 11:00 AM at the Breezeway and upper football field area, with stall setup beginning at 8:30 AM. The event brought together members of the QSI community for a lively and engaging morning. Students actively participated by selling their own items, including handmade goods and small cakes, adding a creative and personal touch to the market. Notably, one student earned over 1,000 baht through sales, highlighting the success of the event. Families had the opportunity to meet and connect with one another, while also welcoming new friends to the school. The market successfully created a warm community atmosphere and helped support a meaningful cause.

Service Learning in Experiential Learning

The 11-year-old class demonstrated kindness and responsibility by supporting preschoolers through a Service Learning activity in Experiential Learning that happened last week. They taught painting and creative art, helping younger students explore their creativity.

This experience reflects the school's 7 Success Orientations and shows that helping others starts within the community. Students were reminded to treat each other like family - with care, respect, and support.

Every Thursday from 3:15 to 4:15, Ms. Michel has a paper craft with elementary students. We interviewed Ms. Michel.

Interviewer: Why did you choose paper craft as your after-school activity?

Ms. Michel: I enjoy card making and scrapbooking as a personal hobby.

Interviewer: What do you do in your activity? And tell me what your class looks like.

Ms. Michel: We create cards and scrapbook photos by decorating them with defferent items.

Interviewer: Who participates in your class?

Ms. Michel: We have students from 8 years old up to 10 years old in the class.

Interviewer: How many students are in your class?

Ms. Michel: We only have about 5 students registered.

Interviewer: Why is this activity good for students?

Ms. Michel: It allows them to express their creativity and use old photos. The process of cutting, sticking and arranging decorations develops fine motor skills.

Interviewer: Do they enjoy it?

Ms. Michel: I think so, that's why they keep coming back.

The paper craft class with Ms. Michel is fun and useful for students. It gives them a chance to be creative while making cards and scrapbooks. By cutting, sticking, and decorating, they also improve their fine motor skills. The class is small, so students can get more support and enjoy the activity together.

Little Einstein

Every Thursday from 3:15 to 4:15, Ms. Kiki has a Little Einstein activity for pre-k students. We interviewed Ms. Kiki.

Interviewer: Why did you choose this class?

Ms. Kiki: I like animals.

Interviewer: What do you do in your activity? What does your class look like?

Ms. Kiki: The students feed different animals and explore the world.

Interviewer: Who participates in your activity?

Ms. Kiki: Pre-K students.

Interviewer: How many students are in your class?

Ms. Kiki: There are 9 students and 3 assistants.

Interviewer: Why is this activity good for students?

Ms. Kiki: It shows children what the real world looks like.

Interviewer: Do they enjoy it?

Ms. Kiki: Yes, they love it.

The Little Einstein class with Ms. Kiki is enjoyable and full of discovery for young children. It gives them the chance to learn about animals and understand more about the world around them. Through activities like feeding animals, they get practical experience. The children clearly have a good time and are always happy to take part.

Songkran is coming

QSIP will celebrate Songkran on April 10, ahead of the official festival dates from April 13 to April 15. Songkran is the traditional Thai New Year festival, known for water celebrations that symbolize cleansing and renewal. The school event marks the start of the holiday period, which will be followed by a one-week break from April 13 to April 17, marking a pause in the school schedule and allowing time away from regular studies.
