Today's Agenda

A note from Mr. Chris -- Let the show begin

Dear Parents, Students, and Staff,

Hello,

We are down to 50 school days. The secondary students are trying to keep up with the big push to summer. This year, we will have the largest graduating class in many years, 11 students will move on to University or take a break from school to try business adventures. We are proud of them all. Make sure you save the date of JuneJune 1226, for our school-wide graduation celebration. We will have a show, lunch, a formal graduation, and then a reception for the graduates' friends and families (1000 to 1400 on June 12). The first day of school and graduation days are my favorites. Both days bring such joy and anticipation. Please join us for the celebration.

PSG has an event on Saturday. Please see the details below.

Big news, we are installing an advertising sign near Coffee in Farm or across from the mining museum. This is our first major advertising in many years. We hope the sign will be up next Wednesday. Please drive by, take a photo, and post to your social media accounts. Please also like and share when you see another person's post. This push will help us meet our enrollment goal of 125 students by August 20. August 20, help, we can achieve the goal.

Songkran is coming just like the rains, on April 10th. TApril 10tion starts at 12pm. We will have music, a show, dancers, water splashing, a bounce house, and, new this year, a barbecue. The entire family is invited to participate.

April 30th is a school day. The students will be dismissed at 11:20, and buses will depart at 11:30. The afternoon will be a teacher training day focused on the 4 MSA objectives: Literacy, Mastery Learning, 21st Century Skills, and Communication.

The Elementary Camp took place over two days last week, on Thursday and Friday. It started in the morning with a greeting and attendance, followed by several group activities that focused on values such as trustworthiness, kindness, teamwork, and responsibility. After a snack break and lunch, the students went to Layan Beach, where they played games, had free time in the water, and took part in activities like tug of war. Later, they returned to school.

In the evening, the students had dinner and enjoyed screen time, flashlight tag, and a movie with popcorn before going to bed. The next morning, they had breakfast, participated in a shoes relay race, worked together in a clean-up challenge, and then had some free time before going home.

Secondary Camp

Last week, the secondary students went on a three-day field trip. They traveled together and stayed at a pleasant location. During the trip, they learned new things and participated in enjoyable activities with their teachers. They also spent time with friends and appreciated the overall experience. It was a successful trip, and everyone had a good time.

On the first day of the camp, they traveled by bus outside of Phuket. They took part in a variety of activities, including swimming pool games. The students were divided into four teams: black, white, green, and red. One of the main activities in the pool was water football.

On the second day, everyone had breakfast, a barbecue, and participated in additional activities. The same groups competed in the Mini Olympics.

On the third day, the schedule was lighter; students had breakfast and then returned to school. They are still waiting to find out which team will be the winner of the competition.

Pre-K Field Trip

Last Friday, the Pre-K students visited the Rabbit Hole for an enjoyable and educational field trip. During the visit, the children observed and interacted with the rabbits, goats, and fish in a safe and supervised environment, learning about their care, diet, and habitat. The students were very enthusiastic and actively took part in the activities, making the trip both fun and meaningful for their early learning experience.

The Passing of her Majesty Queen Sirikit, The Queen Mother of Thailand

The Office of the Prime Minister has announced that the Bureau of the Royal Household has formally declared the passing of Her Majesty Queen Sirikit, The Queen Mother, on Friday, 24 October 2025, at 9:21 p.m., at Chulalongkorn Hospital, Thai Red Cross Society, at the age of 93. The passing of Her Majesty the Queen has cast a deep sorrow across the nation. She was more than a royal figure — she was a symbol of grace, kindness, and strength whose warmth touched the hearts of the Thai people. Her gentle spirit and lifelong dedication to the nation will be remembered with love and gratitude.

The Office of the Private Education Promotion Commission hereby requests all private schools to take the following actions, effective **25 October 2025**, as follows:

- 1. **Lower the national flag to half-mast** at all private schools for a period of **30 days**.
- 2. **Refrain from organizing any festive or celebratory events** for a period of **one year**.
- 3. All private schools are to publish Her Majesty Queen Sirikit The Queen Mother's royal duties on the main page of their school websites and organise exhibitions in honour of Her Majesty Queen Sirikit The Queen Mother.

- 4. **Request for cooperation** from all administrators, teachers, and staff members of private schools to observe mourning for a period of **one year**.

This is for your acknowledgement and implementation accordingly.

With highest respect,

(Signed)

(Mr. Monthon Phaksuwan)
