GCSE Results Day – 20 August 2026

Please retain this document for use on Thursday 20 August 2026

As results day approaches, our priority is to ensure your child feels supported and confident as they prepare for their transition to Felsted.

As you are aware, the normal entrance criteria to Felsted Sixth Form is subject to your child achieving the minimum of 32 points over 6 subjects at GCSE / IGCSE and the entry requirements for the subjects they have chosen to study at IB or A Level as specified in the Sixth Form Subject Guide (for most subjects this as at least a 6). We will want to confirm courses with all candidates, especially where candidates have not met the entry requirement, but might still have a viable Sixth Form course.

Please also note that in some subjects, particularly Maths and Sciences, we would expect pupils to have achieved at least grade 7 in that subject at GCSE. Therefore, should a pupil not meet that requirement, we would encourage pupils to have considered an alternative option ready to discuss with the Academic Office on the results day.

Therefore, we ask that a scanned copy of your child's Statement of Results is emailed to us as a matter of urgency by lunchtime on 20 August to enable a member of staff to speak to you if required.

- Please send ALL results to the **Admissions Office via admissions@felsted.org**
- Please copy:
    - senioradmissions@felsted.org (UK pupils)
    - intadmissions@felsted.org (overseas pupils if applicable)

We also require copies of all GCSE / IGCSE certificates to be sent once they are published, together with the UCI number (The Unique Candidate Identifier 12 digit number followed by a capital letter) and these can also be emailed as above.

Please note: if we do not receive the Statement of Results, your child will not be permitted to start at Felsted.

Yours sincerely

Mrs L Stefanini
Deputy Head
