

# TUSKER TIDBITS

## 2026-2027 BUDGET HIGHLIGHT:

### Teaching & Learning

#### Portrait of a Graduate

Aligning curriculum and instruction across K-12 with the New York State Portrait of a Graduate helps ensure students build the knowledge, skills, and competencies needed for success in college, careers, and life beyond the classroom.

#### Professional Learning

Professional learning supports teachers through ongoing training, collaboration, and updated instructional practices that directly benefit student learning.

#### Health & Wellness

Health and wellness instruction supports students' physical, mental, and emotional wellbeing while helping them build healthy habits, make informed decisions, and develop skills that contribute to lifelong success.

#### LIFE Initiative

The district continues to expand inclusive practices through its Learning Inclusively for Everyone (LIFE) initiative, which supports classrooms designed to meet the needs of all learners.
