Dear Parents,

It has been quite some time since we have offered a parent summer reading opportunity focused on strengthening the partnership between home and school. As parents raising children in today's world, we know the journey can be both beautiful and challenging, and we are grateful to walk alongside you.

After thoughtful discussion, the administrative and counseling team at StJP II selected a book that we believe will offer valuable insight, encouragement, and practical guidance for parenting in today's culture. This book is meant to support you, spark meaningful reflection, and strengthen our shared mission of helping our children grow spiritually, emotionally, and academically.

Throughout the school year, our StJP II counselors will also offer optional "book talks" and opportunities for discussion as we continue this journey together as a community.

While participation is completely optional, we highly encourage every family to consider joining us. We truly believe this is a gift not only to your parenting journey but also to your children.

Please purchase the following book selection:

[The Anxious Generation](#) by Jonathan Haidt

We look forward to growing together in faith, wisdom, and partnership.

God Bless,

StJP II Administration & Counseling Team
