

## MEMORANDUM

**TO:** Board of Directors

**FROM:** Greg Baker, Superintendent

**DATE:** May 14, 2026

**SUBJECT:** Monitoring Report for EL-1, Expectations of Superintendent

I certify that the following is accurate as of May 14, 2026. The reporting period is from Oct. 6, 2024 through May 6, 2026.

**Policy Type:** Executive Limitation

**Policy:** [EL-1 Expectations of Superintendent](#)

**Last Updated:** Sept. 10, 2010 and revised Aug. 9, 2012; June 27, 2013;  
Sept. 11, 2014; Jan. 12, 2017; Nov. 2, 2017; Feb. 27, 2019

Interpretation of Items: None in question

EL-1 directs the expectations of the superintendent. The superintendent shall not allow through action or inaction any legal, contract or policy violation, nor shall the superintendent through action or inaction allow the district's public image or credibility to fall into disrespect or ill repute.

Description of Evidence of Compliance:

**1. The superintendent shall not fail to take all reasonable and prudent actions with respect to district management and oversight that are typical for similar and highly effective organizations.**

*In compliance.* The superintendent works with an executive team, support staff and legal counsel to regularly review and update policies for similar and highly effective organizations.

The superintendent supports the board with policy governance development and best practices in planning and implementing professional development. Examples from this reporting period include the board retreats Feb. 7, 2025, Aug. 27, 2025 and March 5, 2026

at the District Office. The board and superintendent also attended the WSSDA annual conference in November 2024 (Spokane) and November 2025 (Seattle).

In addition to WSSDA:

- Two board members attended the 2025 WASA-WSSDA-WASBO Legislative Conference in Seattle January 2025 and January 2026.
- Board members and Dr. Baker attended the WSSDA DA-1 Regional Meeting hosted by BPS on March 2025 at the District Office
- One board member attended the WSSDA General Assembly, which was virtual, in September 2025.

**Based on board feedback, we provide additional evidence to this section.**

Beyond policy maintenance, the superintendent is proactive regarding issues that may impact the district's public image and credibility.

The superintendent leads and works within the confines of the law and policy. The superintendent and district leaders invest in building and maintaining relationships with members of the community, businesses and organizations, stakeholders and members of the media. We work daily to solve problems and develop relationships even in the midst of sensitive or difficult situations. While this is difficult to measure, we want to share some key examples during this reporting period.

- Many leaders across our district serve on community groups and boards. Examples include our chief financial officer who serves on the United Way Community Impact panel; transportation director who serves on the city's transportation commission; grant writer who serves on the public health advisory board; capital projects supervisor who serves on the City's parks and recreation advisory board; executive director of communications and community relations who serves on the board for the Bellingham-Whatcom County Commission on Sexual and Domestic Violence; and executive director of family engagement who serves on the board for the Latino Advocacy and Leadership Association of Whatcom.
- We maintain relationships with community partners and lean on them to help us solve problems that are beyond our scope (e.g., city of Bellingham, Whatcom Community College, DVSAS, WTA and police have helped the district problem solve Cozier safety concerns).

- The communications department, on behalf of the district and superintendent, are proactive with media and responsive to all inquiries. We build relationships and work together, even when coverage is critical and/or negative.
- We regularly consult with legal counsel. We are cognizant of doing what is required/allowed, and we are proactive to do the right thing within the confines of the law.
- District staff do not work in silos; we solve problems across departments to help diminish the chance that we make mistakes or aren't aware of what another department or staff member may be doing. We have regular 1:1s and small group meetings across departments to increase collaboration and awareness.
- Additional examples can be found in the most recent monitoring report for [Executive Limitations-3](#), which shows media and other stakeholder communication.
- Additionally, based on board feedback, we are adding references to other superintendent [executive limitations](#) (EL-2, EL-4, EL-5, EL-6, EL-7, EL-8, EL-9 and EL-10) and [ends reports](#) (E-1, E-2, E-3) as additional evidence.

## **2. The superintendent shall not fail to:**

### **a. Provide an affirmative (or negative) statement the following actions have been taken:**

- i. all Washington State School Directors' Association (WSSDA) administrative policies and procedures in the Essential Category are regularly reviewed and updated as necessary; and

*Affirmative.* The updating of our administrative policies and procedures is ongoing work as situations arise and new policy guidance emerges from WSSDA. Many executive team leaders have a policy review cycle and plan in place for policy and procedure updates; other executives contribute to policies as needed.

Based on the WSSDA model system and ongoing updates, Bellingham Public Schools has 136 WSSDA model policies, procedures and forms are classified as critical (formerly called "essential"). Please see the attached spreadsheets for the current status and progress of this work.

ii. all WSSDA Encouraged and Discretionary administrative policies and procedures updates have been reviewed, considered or updated as necessary; and

*Affirmative.* We currently have 92 policies, procedures or forms for which no WSSDA models exist. These most likely resulted from past issues that necessitated a policy, procedure or form or the district has opted to have a policy, procedure or form in these areas to provide greater clarity for students, families and staff.

Based on WSSDA's system and ongoing updates, Bellingham Public School has 202 WSSDA model policies, procedures or forms classified as important (formerly called "encouraged") or discretionary. Please see the attached spreadsheets for the current status and progress of this work.

iii. all administrative policies and procedures updates have been shared with staff for implementation as appropriate.

*Affirmative.* The policy and procedure updates made during this past reporting period were emailed to all district staff on May 6, 2026. In addition, some policies and procedures go through more extensive vetting processes to engage the policy and procedure implementers, namely school administrators, in policy development to increase their ownership, awareness and calibration across schools for consistent implementation. In some circumstances in which students and parents are highly affected, we also seek input from student and parent representatives during this process.

**Statement of Compliance:** The superintendent is **in compliance** with EL-1.
