

Opt Out Form For Student Directory Information Including Photographs and Technology Access

Directory information and photo can be made public without the consent of parents.

Directory information for students K-12 means the student's name, grade level, photo, parent/guardian name(s), address, telephone listing, birth date, post-high school career plans, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, type of awards received, and the most recent school attended by the student. For students grades 9-12, their names, grade level, addresses, and telephone numbers will be released upon request to military recruiters and institutions of higher education unless parents have advised the school in writing that they do not want their student's information disclosed without their prior written consent. In addition, the district will release the student's current school, grade level, address and telephone number to appropriate law enforcement personnel including Child Protective Services. Parent(s)/guardian(s) may complete the following form if they want to restrict the release of directory and/or photo information. (Family Education Rights and Privacy Act of 1975, 20 U.S.C. § 1232g.)

Students and parents should review responsible use of technology in the student handbook as outlined in Policy 2022. All students will be provided access to district electronic systems including the Internet.
