

Speech & Language News

From May

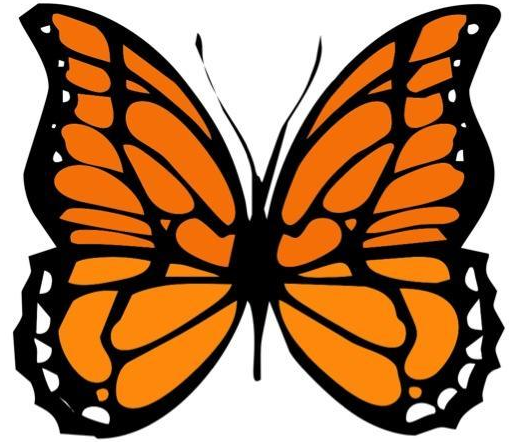

Learning Themes

This month, we've learned so much about caterpillars and butterflies! We've loved looking at different butterflies and talking about how they are the same and how they are different!

Activity Idea

Make coffee filter butterflies! Spread out a coffee filter and decorate it using watercolor paints. Let the filters dry and gather them in the middle. Take a pipe cleaner, fold it in half, and twist it around the middle of the coffee filter a few times to make antenna!

Language at Home

Throughout May, put an emphasis on comparing and contrasting, or telling about how things are similar and how they are different. You can practice doing this with different bugs, including butterflies, clothes, food, and more! Start basic, with easy traits such as color or size!

- ◇ "This butterfly is orange but this one is blue!" ◇
- ◇ "These are both toys but one is big and one is small." ◇
- ◇ "Raspberries are sweet but chips are salty!" ◇
- ◇ "Raspberries and strawberries are both sweet foods." ◇

Book of the Month

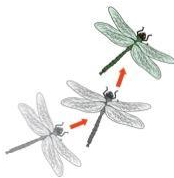

Read *The Very Hungry Caterpillar* by Eric Carle.

Talk about what the caterpillar ate each day! Try finding some of the foods around your house or at the grocery store. Which ones do you and your child like the best?

Vocabulary

butterfly

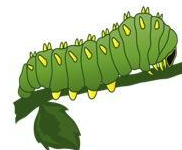

fly

crawl

wing

caterpillar

bugs
