

School District Facility Usage Rules and Guidelines

ATTACHMENT C – Aquatics Learning Center - Additional Usage Rules and Guidelines

SPECIAL NOTE: Protecting the integrity and viability of UIL practice and competition venues requires specialized resources, maintenance, and technical expertise. Because BISD resources are limited and because BISD athletic facilities are fundamentally reserved for BISD purposes, allowing outside groups to access such facilities will be restricted and or limited in the following fashion: Boerne ISD school-related activities shall have priority over all rental agreements. Scheduled rentals may be adjusted or cancelled to accommodate school needs.

All outside users must be certified members of one of the following organizations:

- USA Swimming
- USA Water Polo
- USA Diving

Renters must provide proof of current insurance coverage through USA Swimming or USA Water Polo. Documentation will be maintained at the District Athletic Office and the Boerne Aquatics Learning Center.

All clubs must have instructors currently certified through USA Swimming or USA Water Polo. Documentation must be submitted to the District Athletic Office prior to facility use. Clubs must have a coach present at all practices and events who holds a current lifeguard certification. Proof of certification must be provided prior to approval of facility use.

Summer league swim teams must be affiliated with a recognized summer league within the greater San Antonio area.

A Boerne ISD District employee must be present on-site at all times during facility use.

Any damage to the facility or equipment must be reported immediately to the District Athletic Office.

Renters are strictly prohibited from accessing the office, team locker rooms and pump room. Access is limited to public areas, the family restroom, and public restrooms. For competitive events, support for the scoreboard (controls located in the office) can be arranged. There may be an additional cost for this.

All outside users must complete rental training with the District prior to facility use. In the event of inclement weather, renters must follow the direction of the BISD weather guidelines.

It should be noted that for all youth sports associations and youth sports clubs and or "Select" or "Private" fee-based youth sports groups and affiliates) the district's coaching staff will consider each request using the following criteria:

- a.) The teaching philosophy and sporting goals of the requesting organization,
- b.) The percentage of BISD students served in the program
- c.) The background and qualifications of the adult supervision.
- d.) Are the requesting organization's participants in sanctioned and recognized youth sporting leagues,
- e.) THE AVAILABILITY OF CORRESPONDING COACHES for facilities requested to SUPERVISE AND BE ON DUTY DURING USE if applicable.

BISD's athletic department may also institute further standards and criteria with respect to the goals and objectives of the various youth sport programs.
