

KEEP THE MOMENTUM:

Your Summer Bridge To Success

RCTCM Summer Support Tips and Resources for Students and Families

1. ACADEMIC STRATEGIES

1. The 20-Minute Strategy:

Instead of saving all of the summer assignments until the last week before we return to school, students are encouraged to work in short 20-minute sessions, several times a week. It is simple, less stressful, and easier to manage.

2. THE AUGUSTA-RICHMOND COUNTY LIBRARY CONNECTION

Website: <https://arcpls.org/>

The Augusta-Richmond County Public Library is a free, quiet space to read, work on assignments, and use Wi-Fi. The library also offers summer reading programs with prizes, which can help keep reading going in a fun way.

Library Cards: Patrons can register for a library card online.

Digital Content: Downloadable audiobooks and eBooks can be accessed using library credentials.

3. DIGITAL HELPING HANDS

If a student gets stuck on a concept within their summer packet, we've listed a free resource. Khan Academy provides instant tutorials.
