

KEEP THE MOMENTUM:

Your Summer Bridge To Success

RCTCM Summer Support Tips and Resources for Students and Families

1. SUMMER ASSIGNMENT FOCUS

- Read at least **20 minutes** a few times each week. Reading builds vocabulary, writing, SAT skills, and strengthens every class.
- Complete summer assignments in small parts. Don't wait until the last week!
- Review grades from this year. Talk about what went well and what needs improvement. Use Khan Academy, library resources, or school-provided assignments to review weak areas in math, reading, and writing.
