

## Returning Student Online Verification

Starting May 22, parents/guardians of returning PFSD students can verify registration information for the 2026–2027 school year.

Completing this process early helps avoid long registration lines in August and allows families to update contact information, complete annual paperwork, and manage student food service accounts.

The information verification window will be open from May 22 through June 19.

This online option is only available for returning students. Incoming kindergarten students and those new to the district should visit the Post Falls School District website for in-person registration details.

**NOTE: Due to the closure on December 17, school will be in session on Friday, May 29<sup>th</sup> as a make-up day.**

## Emergency Reunification Process

Circumstances such as severe weather, a power outage, a hazardous materials situation, or another crisis at a school may require a reunification process.

A reunification is a formal, controlled process used when students must be released to parents or guardians during an emergency. In these situations, students are safely supervised and released only through an organized system to ensure each child is accounted for and returned to the correct parent or guardian.

School safety continues to be our priority in Post Falls School District. Post Falls School District is proud to partner with the Post Falls Police Department to provide a safe learning environment for our students.

If you have any questions about our school safety procedures, please contact your school principal.
