

# YOU CAN ELEVATE MATH IN LAKE COUNTY!

## No Cost For Local School Districts

You can transform mathematics teaching and learning across Lake County! We are thrilled to offer our local districts fully funded Professional Learning Models (PLMs) designed to empower educators, foster collaboration, and drive student success. Chose the pathway that best fits your team goals.

### Lesson Study Facilitator Team

Deepen pedagogical content knowledge through collaborative lesson design and observation.

#### **3 Day In-Person Institute**

Immersive foundational training and team building.

#### **4 Quarterly Virtual PLNs**

Ongoing support and networking with other local facilitator teams.

**\$10,000**

PROVIDED FOR TEAM EXPENSES

### Learning Lab Facilitator Team

Engage in job-embedded professional learning, focusing on real-time classroom practice.

#### **2 In-Person Learning Lab Experiences**

Hands-on practice in classroom environments.

#### **4 Quarterly Virtual PLNs**

Ongoing support and networking with other local facilitator teams.

**\$10,000**

PROVIDED FOR TEAM EXPENSES

### Instructional Coaching Team

Develop high-impact coaching strategies to support Lake County Mathematics teachers directly.

#### **2-Day In-Person Institute**

Intensive skill-building for instructional coaches.

#### **4 Quarterly Virtual PLNs**

Sustained guidance and peer collaboration throughout the year.

**\$3,000**

PROVIDED FOR TEAM EXPENSES
