

Use Exact Path with Your Children this Summer!

Exact Path

Leveraging your child's assessment data from NWEA, follow a targeted learning path toward academic achievement all summer.

[Exact Path](#) provides your student with a truly personalized learning experience in math, reading, and ELA with over 9,000 K-12 standards-aligned learning activities. Your child will:

- Follow a prescribed standards-aligned learning path dynamically built from NWEA MAP results
- Receive instruction that adapts to students' needs, providing just-in-time support or acceleration
- Earn rewards and monitor their own progress every step of the way

Did you know? Longitudinal studies indicate that the effects of summer learning programs endure for at least two years after participation.

Research confirms that students who complete **at least 20 minutes per session and 40-60 minutes per week per subject** in Exact Path improve academic achievement!

Login Instructions:

MUSD Students can access Exact Path by going through Clever in Office 365 as they do during the regular school day.

Contest Dates: May 30-July 12, 2026

Happy Learning 😊

*Students can earn an entry into the gift card drawing by mastering **6 skills** in any of their Learning Paths during the contest dates above. Each time they master 6 skills, they will earn another entry into the gift card drawing so more trophies = more chances to win! Are you up for the Challenge?*

Rise to the Exact Path Challenge this Summer for a chance to earn a \$25 Amazon Gift Card!
