May 2026

Dear LOCS Parents and Guardians,

With the end of the school year rapidly approaching, we wanted to send out a reminder that all medications kept at the school, prescription and non-prescription, will need to be picked up at the end of the year by a parent or guardian. Please contact the building secretary to obtain your medications. Any medication remaining after the last day of school will be properly disposed of.

As a reminder for this fall, all medications administered at school, including over the counter medications, require a medication consent form, that is signed by a physician and parent or guardian, no earlier than July 1. The form is available on the district website under the Health and Wellness tab.

The only medications that could be permitted to be carried by students are inhalers, epinephrine and glucagon. This requires the Self Carry consent, also located at LakeOrionSchools.org/Health.

If your child has allergies that require the use of an epinephrine, asthma, diabetes, seizures or any other chronic health concern, a Medical Action Plan is required**.** This form is also available at LakeOrionSchools.org/Health and many physician offices have a generic form in their office. This will need to be completed by the physician and yourself after July 1, but prior to school starting.

Please plan to send appropriate paperwork and medications to the school 1-2 weeks before school starts. The links for the documents above are:

Asthma: My Asthma Action Plan for Home and School
Diabetes: Management Plan for Diabetes
Seizures: Seizure Emergency Action Plan
Food Allergy: Food_Allergy_Emergency_Care_Plan
General: Medical Action Plan
Medication Consent: Medication Consent
Self-Carry Consent: Self Carry Consent

Please feel free to reach out to your school nurses, Sue Arnott or Nichole Rudenga with any questions or concerns.

Thank you for your time!

Sue and Nichole
