

Summer 2026 program:

AI Workshop

for Teens

by: **SwiftLearn.ai**

In this program, we will demonstrate the latest capabilities of AI tools that can be used for your hobbies, education, and entrepreneurial efforts. We will cover a wide range of solutions—from the Google Suite of products to tools for creating music and video. This program is for everyone interested in learning about AI tools and real-world use cases.

- Interactive AI Demos
- Open Q&A Session
