

Summer Reading 2026 - DCA Sixth Grade

CHALLENGE #1: READ FIVE BOOKS

- Choose ANY FIVE books you want to read.
- **Write (or type) the title, author, and # of pages for each book you complete on your own paper to be submitted the first day of school.**
- NO test will be given over these books. Read for fun!
- Each book should be read entirely for it to count toward the challenge. • Consider challenging yourself by choosing books that may be more difficult since you will not be tested over the content.
- Books over 350 pages can count as two books!
- Complete the following challenges using these books.

CHALLENGE #2: READ TWO GENRES

- Read books from at least 2 different genres.
- **Write the genre next to each book on the same paper as the reading log in Challenge 1.**
- Consider reading a genre that you may not normally choose.

EXTRA CREDIT CHALLENGE #3: MAKE IT PUBLIC

- Visit your public library and get your own library card. It's free!
- Check out one or more of your 5 books from the public library and read it. • **Record which of the 5 books came from the public library on the book list from Challenge #1.**
- Snap a picture at the library with the book you check out and email it to me (jbledsoe@dcawildcats.org)

Additional Information:

- **GRADING:** There will be a grade taken on this assignment for the first 9 weeks. 4 points per book read for challenge 1 will be earned, along with 5 points for reading books in two or more genres. This will therefore be a 25 "point" assignment.
- We will be having book talks and other classroom activities over your summer reading when you return to school.
- Email me (jbledsoe@dcawildcats.org) if you have any questions.

Thanks, and HAPPY READING! :)
Mr. Bledsoe
