Chinese Summer work 2026

I will post all summer work on **Microsoft Teams**, so please make sure to join our team first.

Once there, you will be guided to the resources listed under the summer work section. I use **Formative** (goformative) and **Quizlet** regularly. I advise you to sign up for Formative using your **Clever** account, as the two platforms are linked.

You should also join Quizlet to study the vocabulary. This is a tool I use in class on a regular basis to teach and review new words. Students are required to have a Quizlet account to complete class assignments. Once you have signed up for an account and joined my **Quizlet Class**, you will have unlimited access to Quizlet features without ads. You should **not** have to pay for your own subscription.

Up Coming Chinese 2 Summer work
