2026 AP Physics Summer Work

Please use the following links to add yourself to the appropriate summer team. 1st year students should join AP1 and/or Mech. Most 2nd year are only in E&M. The assignments are not that bad. AP1 students should expect assignments every two weeks. These are short. Mechanics student should expect assignments every three weeks. This are a little longer. E&M students have two assignments. Contact me at cornellm@scsk12.org with all your questions.
