

HELLO INCOMING 3RD GRADE CLASS!

It's a pleasure to welcome you to 3rd grade! I am so excited to have you in my class and can hardly wait for the fun year ahead of us!

We have so much to learn this year as we continue building skills that will prepare students for the years to come. I will be here to support and encourage your child every step of the way! Multiplication and division, as well as reading and writing, will be major focus areas as we develop our many skills this year! It is extremely important for students to have their multiplication math facts memorized, so please practice with your child.

In our classroom, we will strive for growth, both in teamwork and independent activities, while building our confidence and a strong sense of community. My goal is to ensure every student has the opportunity to grow into the best version of themselves. I look forward to working with you and your child to support their overall growth this school year!

If your child is interested in joining Battle of the Books for next year, I am sending the book list so they can start early!

SUPPLY LIST

- Zipper Pencil pouch with three holes, no locks, preferably a clear front
- Clear three-ring binder sheet protectors (10 individual pockets)
- 1.5-inch binder with plastic insert cover. No zipper or printed cover; any color is fine. I have a cover sheet for them.
- Pencils
- Box of Crayola crayons(16 or 24 count only)
- Plastic container for crayons (travel soap box or plastic crayon boxes)
- Colored Pencils
- Markers
- Black Expo fine tip markers(black only)
- 1 pack of copy paper
- 1 highlighter
- 1 pair of scissors
- Glue sticks (Elmers preferred)
- Wired USB computer mouse **(super important!)**
- Wired Earbuds or headphones **(super important!)**

*In 3rd grade, students prepare for and take the state assessment at the end of the year. It is necessary for each student to have their own mouse and earbuds!

Feel free to email me at mquintanilla@mapleschool.org with any questions or concerns.
