

# Welcome to Pk-3

Welcome to PK-3! We are excited to have you in our class next year. We have a lot of fun activities to help prepare you for PK-3.

---

We have made a list of suggestions of ways to engage and prepare your child for PK-3 this summer

### Social emotional skills

- Practice our Pre-k moto "Take Time to be Kind."
- Play board games to practice turn taking, following rules, and learning how to win and lose gracefully.

### Early literacy

- Have an adult or a sibling read to you each day
- Practice writing letters and learn their sounds
  - Use crayons, pencils, paint, shaving cream or even just water and a paintbrush on a hot day outside. If you know your sounds, practice writing words. Sound them out. Write about a special day or about a picture you drew.
- Go on a letter hunt! Have an alphabet page printed out and cross off any letter you see until they are all gone.
- Practice Heggerty Phonemic Awareness at home by watching these videos
  - <https://heggerty.org/qr/pk8/?view=summer>

### Math Skills

- Cook with your parents. Making a recipe is a great way to practice math, science, literacy, and daily living skills!
- Pool Noodle Pattern: You can use them for learning math and have fun. Cut them in slices, count and sort them by colors.

### Fine/Gross motor skills

- Play outside! Those big muscles need to be exercised too. Run around, play in water or sand boxes, use bubbles, hula hoops, and visit playgrounds.
- Have Fun outdoors: Create a Hopscotch by your garage or sidewalk. Write numbers or letters in each box and play saying the letter, sound or number.
- Fun Activity at the beach: Sensory skills. Collect seashells. Sort them by sizes, count them and make a fun craft.

# Summer BLESSINGS

Lord God, Creator of all things, guide our steps and strengthen our hearts, during these months of summer and vacation days. Grant us refreshment of mind and body. We ask this through Christ our Lord.
