

A spiral-bound notebook with a white cover and lined pages is the central focus. The notebook is open to a page with horizontal blue lines. The title 'Skyview Summer Math' is written in a large, bold, red font. The word 'Skyview' is on the first line, 'Summer' is on the second line, and 'Math' is on the third line. There are two short yellow horizontal lines flanking the word 'Math'. On the left side of the notebook, there are several black spiral binding rings. On the right side, the top right corner of the page is folded over. In the bottom left corner, there is a yellow sticky note with the text 'Math in the summer?' and a red curved line below it. In the bottom right corner, there are two rectangular color swatches, one orange and one yellow. At the top of the notebook, there is a small yellow sticky note with green circular patterns along its top edge, partially obscured by a grey tab.

Skyview Summer Math

Math in the
summer?

**The following slides are
recommended practice for
students who have finished
their 5th or 6th grade year.**

Prevent the
summer
slide!

Just a little bit each day
will make a big difference!

You can do it!

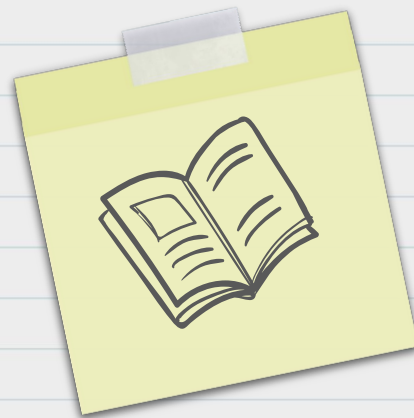

Table of Contents!

Overview

You have worked so hard this year. We don't want you to forget what you have learned!

Topic Features

Math in the summer can help you remember! Links on the last slide.

Assignment #1

5th Grade - Math Packet
6th Grade - Delta Assignment

Assignment #2

Keep working on your i-Ready (available until August 7)

5th grade - Math Packet

The Skyview Math packet can be worked on two ways:

1. You can print and work inside the packet.
2. You can look at the problems online and practice on your own paper.

6th grade - Delta Math

DeltaMath is a program that gives you immediate feedback:

If you don't have an account:

- Go to deltamath.com
- Create an account

If you already have an account:

- Log In
- Select "Add a New Class"
- Use the following code: BB7S-3WB9

i-Ready (August 7)

Keep working on your
i-Ready!

You can continue
your path with your
i-Ready MyPath and
Fluency Flight.
