Students

Residence

Enrollment Procedures

Lake County Technology Campus requirements for "student" enrollment are as follows:

1. The student must be currently enrolled at one of the LCTC participating high schools or must be an eligible student from a parochial/private school who resides in a participating district;
2. The student must be a junior or senior, or must be sixteen years of age by January 1st of his/her first semester of LCTC attendance;
3. The student must be recommended by the home school.

Students who do not meet this residency requirement and who would like to enroll in a Technology Campus program, must petition the LCTC Executive Director and Board of Control for acceptance.

Students may enroll for a Technology Campus course with their home school counselor during the usual period of registration for the following year. A Technology Campus application form, with all required signatures, must be completed by all students.
