Students

Withdrawal Procedures

Participation in LCTC programs is a privilege. LCTC administration has the right to immediately withdraw the enrollment of students found to have violated LCTC policies or rules, or state or federal law.

If LCTC engages in an investigation of student conduct that reveals a violation of policies, rules, or law, LCTC may share such investigatory reports with the student's home District and recommend appropriate discipline. However, the Student's home District is responsible for implementing discipline and ensuring the provision of due process. LCTC is not responsible for providing any student with the right to a disciplinary conference nor hearing.
