Lowell Update

- **Regarding Lowell's on-campus programs:**
  - Lowell's fall has been largely typical, but with masks and covid testing. Some exceptions:
    - We continue to test everyone on campus weekly.
    - We have loosened up cohorting restrictions in upper grades where a significant majority of our population is fully vaccinated.
    - Everyone coming to campus takes a daily online health screening.
    - We recently loosened our policy on masking in the Primary and Middle Divisions.
    - Some classes and many lunches have been outdoors.
    - Carpool line pickup and drop-off times remain staggered.
    - Aquatics has been operating in a limited capacity, primarily our lessons programs.
    - Two track and field teams, one baseball team, and one lacrosse team are practicing and competing this spring.
    - Our aftercare program is operating in a reduced capacity.
    - We have welcomed visitors for admissions tours, admitted family coffees, basketball games, and for our annual Fundraising Fête.
    - We continue to offer remote learning for students who require it.

Traffic/Neighborhood Agreement

- Morning carpool has been nearly flawless
- Afternoon carpool has been greatly aided by the return of athletics and aftercare

Old Business

- Lowell has acquired a tool which will enable us to prevent basketballs from descending through basketball hoops in hopes that its temporary use in the evenings will deter late-night play.

New Business

- No new business was introduced
