Every day during the school year, children will come to Mad Science after-school at the campus for an exciting STEM focused after care experience. Our on-site staff is background checked and trained to provide a safe, engaging after school care for your child. Our FUN, inquiry based enrichment program is unlike any other!

Themes & Activities :

& more

Our mission is to prepare your child to be **FUTURE READY!**

We are a year round after school care at your child's campus, and we are re looking forward to having your child in our program !

What Your Child Will Gain:

Critical Thinking & Problem-Solving Skills: Activities designed to challenge kids and build essential STEM skills like critical thinking, problem solving, adaptability & resilience, curiosity, and collaboration.

Excitement for Learning: Kids leave curious, eager to explore more science on their own.

Collaboration & Teamwork: Encourages working together to solve problems and create something amazing.

READY TO GET STARTED?

Call us at (972) 241-0475 or email us at info.request@msgdallas.com to get your child enrolled!
