

2026-2027 Transportation Process

Families should complete a 26-27 Transportation Request Form if:

- Their Student will change schools from elementary to middle (5th graders)
- A change is needed for morning pick-up and/or afternoon drop-off next year
- The family has moved and there is a change of address for the student
- Their student was assigned to ride a bus and will NOT ride a bus next year

Families do **NOT** have to complete a Transportation Request Form if all transportation information from the current school year will remain the same next year. If there are any changes, a Transportation Request Form should be completed and submitted to the school they will be attending..

Families who are enrolling their children in a DCS school for the first time will need to submit a Transportation Request Form to the school they will be attending so an assignment can be completed.

Please note that students will be removed from a route if they do not ride for (10) consecutive days. We cannot hold seats for students who do not ride on a consistent basis.

Please visit the Davidson County Schools website to access a copy of the Transportation Request Form. Look under Departments/Transportation/Transportation Request Form.
