The "Sharing Our Culture" event at AISOY, with the theme "Internationally Diverse, Locally United," was a vibrant celebration of diversity and community.

MARCH SPECIAL EDITION

SOC: FAMILY DAY

The week kicked off with Family Day, where families gathered on campus to share, appreciate and discover excellently prepared information and tasty foods from around the world. Those few hours of togetherness really fostered a sense of unity. At least 20 different cultures were present on that day. On that same day a historic moment was lived by those present as ASOY officially became AISOY.

SOC: LOCAL SCHOOL EXCHANGE

On Tuesday, the Local School Exchange allowed students to exchange cultural stories, highlighting the shared experiences within our school community.

SOC: WORLD LANGUAGES DAY

World Languages Day on Wednesday brought a mix of languages to campus, with students and teachers engaging in activities that celebrated global communication and understanding.

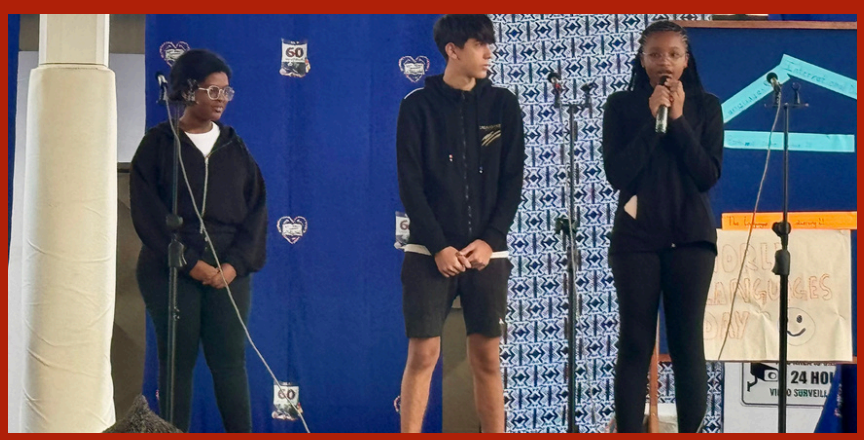

SOC: HOUSE TEAM GAMES

All in four colours (our house teams), the Vipers, Mambas, Lions and Jackals participated in the House Team Games on Thursday. Younger and older all got together, emphasizing teamwork and collaboration while reinforcing the message that our strength lies in unity, regardless of our age, strength, height or size of our muscles!

SOC: FLAG PARADE

The week culminated with the Flag Parade on Friday, where students proudly displayed their cultural heritage through flags, symbolizing the beauty of diversity within our school.

OUR CONCLUSION

Overall, the event was a powerful reminder that while we may come from different cultures, we are more united through opportunities to share experiences and a sense of belonging within our school. It was a week of connection, celebration, and understanding, embodying the spirit of the theme in every way.
