Sharing Our Culture & 60th Anniversary

Celebrating 60 years of Inclusive Education

1964
2024

We extend our gratitude to the entire community for their engagement and support during this remarkable event, which not only celebrated "Sharing our Culture" but also marked our 60th Anniversary. The theme of 60 years of inclusive education resonated across all our activities.

It was a privilege to have a former student who attended the school in 1967 join us, sharing stories and images from their time at ASOY.

Although we have reached 60 years, we are committed to contributing to children's education for years to come. Take a moment to view the images and explore our social media platforms to reminisce about the incredible journey of the American School of Yaoundé.
