The Allen and Donna Kimmich Scholarship Fund

Allen and Donna Kimmich lived and worked in Wellington for nearly seventy-five years. Together they owned and operated Wellington Auto Parts and were deeply committed to the local business and civic community. They were also faithful members and active participants of the First Congregational Church. Their strong belief in education, combined with thoughtful planning and financial stewardship, made this newly established award possible. The Allen and Donna Kimmich Scholarship Fund will provide a renewable annual scholarship to a graduating Wellington High School senior pursuing post-secondary education at an accredited community college, college, university, or trade school.
