Incoming First Grade Summer Packet

Please complete the following packet. It is due the first Friday after school starts for a minor test grade in ELA and math for the first quarter. Please let your child try to read these pages independently, but he/she will likely need support. As a rule of thumb, ask your child to TRY complete the responses by him/herself. Remember that in first grade, the students will be expected to at least try to complete assignments when directed by the teacher before asking for help. "Try" means that after the initial instruction and practice when it is time for independent work, the child writes something (regardless of correctness) as a response before seeking additional help from the teacher.

Your child should practice handwriting weekly (3 weeks in June and 3 weeks in July) on the sheets provided. The child should trace each letter and write it once independently in the space provided next to that letter.

When entering first grade, your child should know all addition facts that make 10 and doubles (1-6). Please purchase or make addition flash cards for the facts listed below. These addition facts should be memorized by the beginning of the school year. During the first week of school, your child will be given a fluency assessment on these facts that will count as a minor test grade for the first quarter.

10+0=10	9+1=10	8+2=10	7+3=10	6+4=10	5+5=10
1+1=2	2+2=4	3+3=6	4+4=8	6+6=12	7+7=14
8+8=16	9+9=18				

Please review the handbook policy for submitting late test grade assignments.

Riding Daisy

Daisy was the biggest horse at Red Barn Stables. Hannah knew that she wanted to ride Daisy. Hannah told her coach she was ready to ride Daisy. Her coach told her she wasn't ready. Hannah thought that she had to prove it. She got her horse out of the stable and showed her coach three new tricks she learned. Hannah's coach was so impressed. Her coach promised to let her try to ride Daisy next week.

1. What happens first?

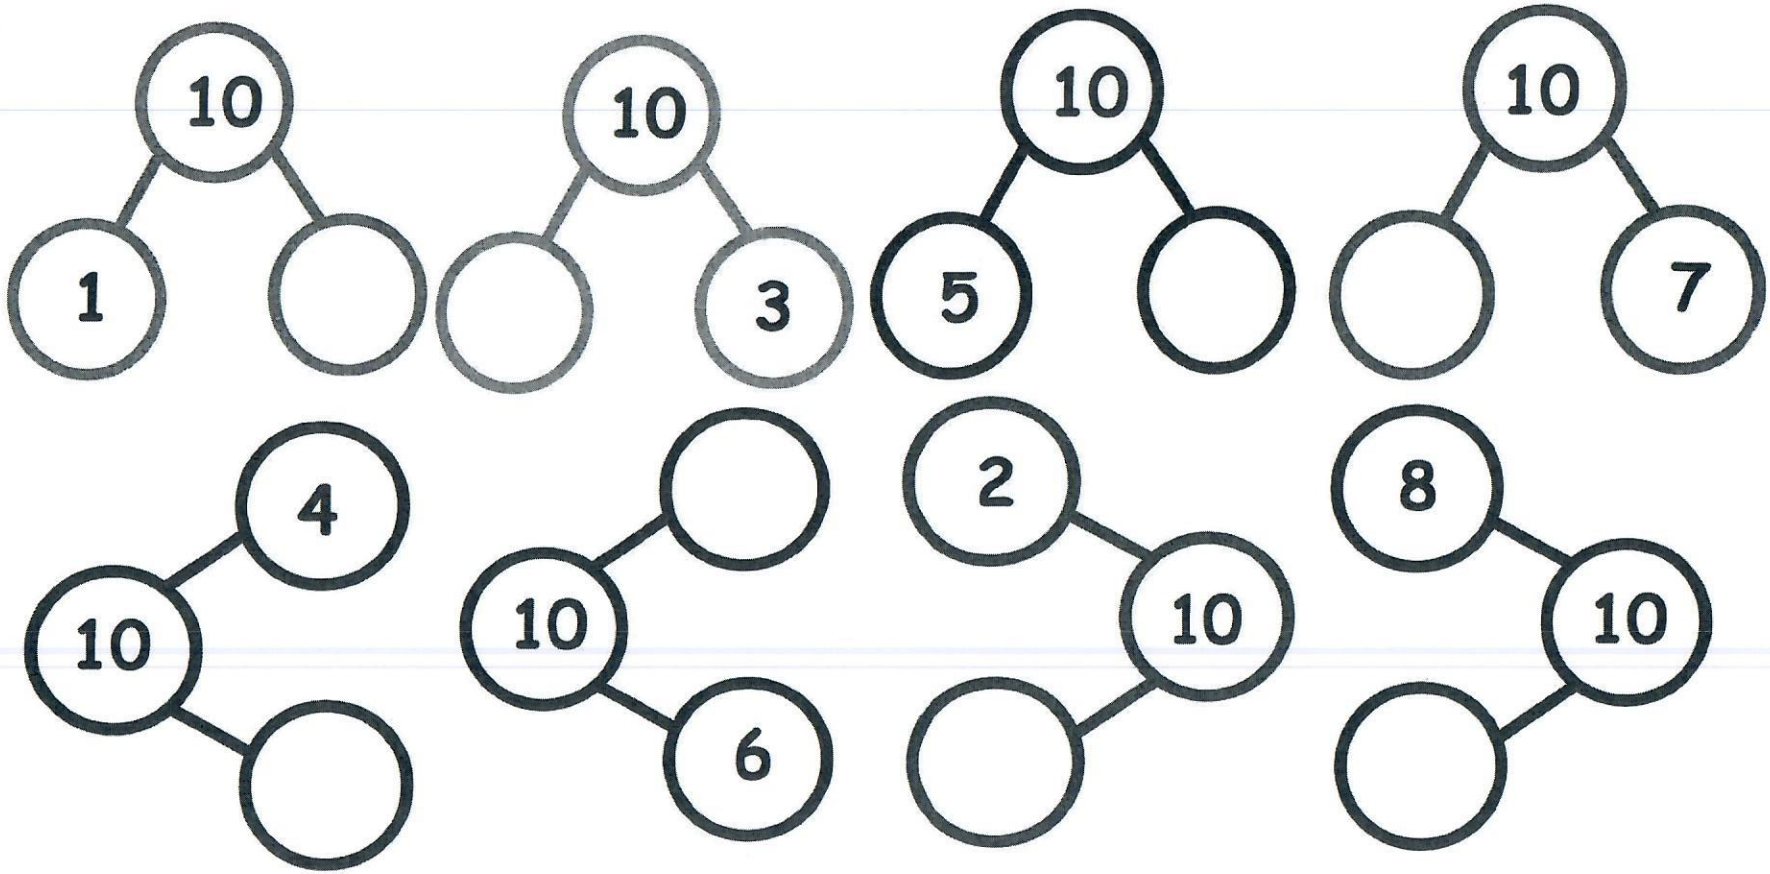

2. What happens next?

3. What happens after that?

4. What happens last?

Tabby Plays

Abby got a new kitten named Tabby. Abby loved this new kitten, but all the kitten did was sleep. Abby would pick up Tabby and try to play fetch. Tabby just wanted to sleep, though. Abby made a plan. She walked to the pet store to buy new toys for Tabby. When Abby got home, she pulled out a toy mouse. Abby shook it on the floor. Tabby's tail started to move. Then, Tabby jumped up and played with the mouse.

1. Who are the characters?

2. What is the setting?

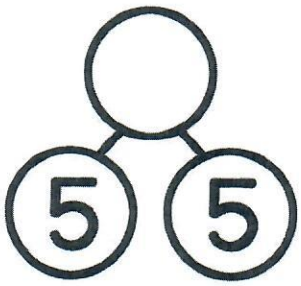

3. What is the character's problem?

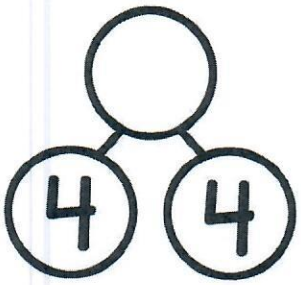

4. How does the character solve the problem?

Finally

Jill asked for a dog every day. She wanted a small, white puppy with brown ears. Her mom told her she had to earn it. Her mom told her if she got great scores on her report card, then she could get the new puppy. Jill worried. She was having a hard time with her subtraction. Jill ran upstairs to make some subtraction flashcards to study with every day. One day, Jill's teacher handed out report cards. She peeked at the scores. They were great! She could get a dog!

1. What is the moral of the story?

2. How do you know that is the moral of the story?

3. What did the character learn about her own life?
