Summer Reading/ Writing

Rising Second Grade Summer Reading

Parents,

It is summertime! We always encourage you to enjoy the outdoors, swim, sleep in late, and be together as a family. We hope you have a wonderful few months ahead of you and that you can create many memories during this time. We also hope you spend some time keeping your child's memory fresh with all the important things they learned this past school year. We've tried to help you in that task by creating a summer activities list for you. You are not expected to follow this list exactly. It is meant to be a guide for exercising your child's mind. The list provides suggested activities and games for each month that are an appropriate follow-up to the school year. Each activity can easily, and enjoyably, be done as a family. We hope you take time each week to enjoy these activities.

You will see "Every Week Activities" below. These are tasks we believe vital to the education of your upcoming third grader. By taking the time to do these each week, you are preparing your child for a great beginning to their third-grade year!

We pray that you have a fantastic summer. We pray for safe travels and relaxing nights. We pray for your child as they learn and grow. We look forward to seeing you this fall. Until then, enjoy summer!

Sincerely,
The Second Grade Team

Every Week Activities:

Reading:

- your child reads aloud to someone
- someone reads aloud to your child
- your child reads silently to him/herself

Math Facts:

- addition facts
- subtraction facts
- multiplication facts
- www.mathplayground.com is a helpful resource for practicing these facts as well as other math skills

The goal for second grade is to read 25 books this summer either alone or with someone.

Second Grade Summer Reading Recommendations

The following books are suggestions by the Second Grade Team to help your child prepare for the upcoming year. The incentive for summer reading in 2nd grade is to instill the joy of reading in our students. A variety of learning levels are represented in this list; we want all students to have access to great books regardless of their level. **The goal is for each child to read 25 books**, and we encourage your child to read a book aloud to you at least a few times a week. Students may read books to themselves, listen to an audiobook while following along with the text, or read with someone. Happy reading!
