Good afternoon,

I wanted to reach out and welcome you to AP Human Geography and to give you our Google Classroom code (**xs3z46pn**). You will find that the summer homework and syllabus have already been placed on Google Classroom, so after you take a break and decompress, you can begin preparing for what will be a fun and adventurous year. The book and app you need for the homework/course are also on Google Classroom. I hope you have a fantastic and restful summer, and I look forward to meeting you!!!

Sincerely, Mrs. King
