**Summer Reading, 2026**

The English Department has created reading assignments for all students, new and returning, to encourage and reinforce the idea of Saint James School as a community of readers. This common experience, and these shared stories, will hopefully create lively and new conversations, friendships, and classroom discussions in our opening fall days together.

The texts listed below may be purchased through our partnership with MBS. To order, simply visit our online bookstore **(https://bnck-12.com/stjames)**, select the appropriate course, view the required summer reading text, and check out. Happy reading!
