Clint ISD uses technology devices (laptops, Chromebooks, tablets, calculators) for daily instruction and mandatory testing. Devices may be issued for take-home checkout or as classroom sets. Students and parents/guardians ("We/Nosotros") agree to exercise reasonable care when using district technology.

Terms & Conditions/Términos y Condiciones

- 1. Ownership/Propiedad: Devices and peripherals (chargers, cases) are Clint ISD property. We will return them in good condition when requested or at the end of the term.
2. Malfunctions/Fallas: Report any issue immediately to school staff. Never take devices to outside entities for repair.
3. Loss or Theft/Pérdida o Robo: Report loss/theft to the police within 24 hours and submit the report to the school. The protection plan does not cover loss or theft; parents are 100% liable for full replacement costs.
4. Damage and Responsibility (Texas Education Code § 31.104)/Daños y Responsabilidad: Parents/students are responsible for any damage due to accidental, negligent, or malicious treatment of the device.
5. Device Protection Plan/Plan de Protección del Dispositivo: There is an optional, non-refundable protection fee of \$25 (payable via Family Access or at campus) providing protection for take-home and classroom-use devices.

Consequences of Non-Compliance/Consecuencias de Incumplimiento

We understand that violating this agreement will result in: the student forfeiting independent/take-home device checkout privileges, removal of the device, and/or campus disciplinary action.

[] OPT-IN & AGREE (\$25 Paid)/ ACEPTO CON PLAN DE PROTECCIÓN (\$25 Pagado)

We agree to all terms above. The student will be granted independent checkout privileges and/or use of district devices for daily instruction, assignments, and testing. We understand that if we select the protection plan, the \$25 fee must be paid by the designated due date; otherwise, we forfeit our enrollment in the plan and assume 100% financial liability for all damages.

[] OPT-OUT & DISAGREE (\$0 Paid)/RECHAZO EL PLAN Y NO ACEPTO (\$0 Pagado)

We decline the protection plan. I understand my student will still utilize district devices (classroom sets, take-home devices, or testing hardware) for required schoolwork and mandatory exams. We agree to be 100% financially responsible for the full repair or replacement cost of any accidental or intentional damage, loss, or theft to any district technology used by the student.
