

SCHOOL SUPPLIES LIST

LCHS 2026-2027 High School (Grades 9-12)

Welcome to Liberty Common High School. We are looking forward to working with your student in the fall and have created a supplies list to help everyone start off well. Teachers strongly recommend individual binders for each class. The true “college prep” approach to school involves taking home the whole class binder whenever there is homework in that class. Please note that some of the supplies required for core classes may change slightly at the teacher’s discretion at the start of school. This list should help you get the bulk of the supplies for your classes. More details about the binder size and organization guidelines for specific classes will be provided at the beginning of school.

General Supplies

- 4 - 2 in. binders
