5th Grade Summer Reading

For the summer reading assignment, upcoming 5th graders will be required to read the book *Frindle*, by Andrew Clements.

Assignment for novel:

1. First, choose three of the most important events and rank them 1-3 in order of importance. Write one to two paragraphs for each event that explains each one in detail.
    - Why was this event significant in the story? Explain:
    - Who was involved?
    - When did the event happen?
    - Where did the event happen?
    - What happened?
    - Why was this event significant?

2. Next, using a regular sheet of white paper, design a new book cover for the book or create a flyer encouraging someone to read the book. Think about what you liked about the book and what others may find appealing. Be creative and colorful. You can draw it yourself or use the computer to design it.

3. Bring your assignments on the first day of school

Happy Reading!
