**Orders/Supplies Provided By Parent or Guardian
For Diabetic Students**

The school nurse will provide the following forms but parents must have them completed and returned to the school nurse:

Doctor's Orders to include:

Diet and snacks - amount of carbohydrates for meals and snacks and time of snack

Testing blood sugar

Target blood sugar range

Treatment for high and low blood sugars

Glucagon orders including if it is needed on the bus

Parental Consent for testing blood sugar and administering Glucagon

Release of Medical Information consent

Supplies:

Glucometer and instructions

Test strips

Lancets

Alcohol pads or wipes (if normally used)

Dry gauze pads/or tissue for drying finger

Paper cups for ketone testing

Ketone testing strips

Glucagon Kit (if ordered)

Fast acting sugar source i.e. cake icing, glucose tablets, hard candy, etc

Carbohydrate/Protein snack i.e. peanut butter or cheese crackers, etc.

Daily snacks

Note:

Working phone numbers where parents or designee can be reached at all times is extremely important. It may avoid 911 calls, which is the financial responsibility of the parent.
