CYBERSECURITY

NEW COURSE FOR 2026-27!

Newport-Mesa
Unified School District

AP Cybersecurity transforms students into digital defenders by teaching them to think like hackers, protect global networks, and master the skills needed for a high-paying, high-demand career. No experience or background knowledge needed!

Why learn cybersecurity?

- 4.8 million UNFILLED jobs nationally
- 31% projected job growth
- \$136k average national salary
- Path to a career with or without a four-year degree
