GOAL 2:

- Keep in mind, LTELs that get reclassified will likely have a better GPA, therefore causing a dip in a GPA Stat
- Including reclassification data, and level up data.
- Looking for an action item for not just our new comers but for our long term LTEL students
- LTEL feel isolated and need connections
- Teacher to LTEL student connection is tough in a mainstream class (more teacher support)

GOAL 2, Action Items:

- Develop a cohort with a teacher and small group of LTEL (Academy model? Flex meet)
- Develop an outreach program for parent education on testing, and something quarterly.
- For Action Item 2, have a teacher/coach
- Budget or money for posters and visuals for words
- more constructing meaning training
- Co-teaching or One to One Language aids (currently adding a bilingual para for Arts)
- Annual focus on Constructing meaning (one staff meeting)
- Summer LTEL program

GOAL 3:

- Keep going through A-G metric, many SPED won't meet that, maybe mention
- Clarify A-G rates with students, A-G is the expectation
- Be sure to equate CTE Pathway Completers with A-G Completers
- Coordinate students with post HS non A-G opportunities. CC's dual enrollment and apprenticeship programs (develop a pipeline or connection)

GOAL 4:

- Note, Adjustments of for salaries for all positions
- PCRC has been impactful and has proven results in wherever they work with
- Teachers are developing connections
- PAWS, PCRC, FLY, Star Vista, and 3rd period Intercultural Leadership all working and we're keeping, moving forward.
- TIER 2 works, but more Star Vista is needed for students with communicative issues (SPED and LTEL)
